

A SCHOOL FOR CHILDREN, INC.

OFFICIAL
2011-2012 TUITION & FEE SCHEDULE

A SCHOOL FOR CHILDREN, INC. (ASC) operates solely from the resources collected from tuition, tax-deductible contributions from ***Friends of ASC*** and parent fundraising. In an effort to maintain the high QUALITY of services that our founder has set and our parents have come to expect, every family who joins ASC must be committed to “raise” funds in addition to making timely tuition payments. Our operating needs are well above \$400,000.00. With our commitment to maintain a “home-school-type-atmosphere,” where student-teacher ratios are kept below 12:1, obviously, tuition alone cannot meet that budget. Therefore, ***EVERY FAMILY MUST participate in fundraising activities in order to remain a part of the ASC community!***

Additionally, ASC will assist parents in applying for any funds available to students with special needs through the Georgia Department of Education (SB10 Program).

All monthly or quarterly tuition payments should be made **on-line** at www.aschoolforchildren.com by the 3rd day of the month. Students whose fees are not posted by the 5th must have administrative clearance before reporting to school.

Your initial payment contracts your child for the entire year. Our budget is numbers driven. As such, a Risk Termination Fee is associated for early terminations. Please be advised that ASC represented by the founder and its' Board will seek recovery for any unpaid services which may include collection professionals and/or legal action. We are a Kingdom organization and do not wish to litigate with our brothers or sisters. However, lawlessness and financial impropriety will be handled according to acceptable business norms and practices.

“... Behold my mother and my brethren! For whoever shall do the will of God, the same is my brother, and my sister, and my mother.” (Mark 3:33)
